

Welcome to the 15<sup>th</sup> annual Wayne County Challenge end of season celebration. I'm Brian Schleeper, race director of the Girls Inc. 5K and IU East Run with the Wolves 5K. Tonight we'll give out awards for overall and age group performances and to another large group of people who completed all eight races of the series. While we're here tonight to recognize accomplishments from 2017 I also want to mention that the schedule for 2018 is set and there were schedule cards on your tables which you're encouraged to take. We hope you'll take advantage of the Carpe Viam special which allows you to enter all eight series races at once, at a discounted rate. This year the program is available again for \$130, a savings of \$30 over the course of the year on pre-registration rates and \$70 off day of registration prices. Signing up for Carpe Viam also insures that you get a shirt or other swag from each race. Online registration for the Carpe Viam special and season opening Girls Inc. 5K are now open by going to the WCC website, [wcchallenge.org](http://wcchallenge.org).

2017 was another excellent season for the Wayne County Challenge. One third of the people receiving awards tonight will be doing so for the first time. We also had a record breaking age group performance in the women's division. And we had 89 people complete all 8 races.

While we're here to give out awards and recognize some talented athletes I would also like to acknowledge the impact participation in WCC events has on our community. Wayne County Challenge races are put on by nonprofit organizations who benefit from the funds raised at each event. This year's races raised approximately \$38,000 for the eight member organizations. These groups use these funds to give kids a positive place to grow, put on the annual Fireworks display, support high school and college athletic programs, environmental education and our local parks. Participation at races not only improves the health and well being of those running and walking, it also gives back to our community. So we would like to thank all of you for supporting the WCC and these organizations.

Now i'd like to have the remaining race directors stand and be recognized for all their hard work:

***Rick Duncan*** – Fireworks 5K – benefiting the Richmond American Legion Post 65  
**(NOT HERE)**

***Paula Head & Amanda Allen*** – Heartbreak Hill 5K – benefiting Hagerstown High School Athletics

***Beth Newton*** – Flying Eagles 5K – benefiting the Western Wayne Elementary PTO

***Keith Morey*** – Fall Foliage 5K/10K – benefiting Cope Environmental Center **(NOT HERE)**

***Mike Day*** -Turkey Chase 7K-benefiting the Centerville High School Athletic Department

***Ashley Miller***-Rosemary Weigel Frostbite 5K – benefiting the Richmond Parks Dept.

Additionally I want to acknowledge the other members of the Wayne County Challenge committee: Pat Bowers – Treasurer, Nicole Andreas-at large member and Ashley Stephens, chair.

While all these folks do a fantastic job of putting on quality events for each of you, we are a volunteer run group and are always looking for more help. Maybe you're a spouse or family member of someone who runs our races or maybe just someone interested in giving back to the series. We're always in need of additional help with race set up, timing and the always popular other duties as assigned. Plus you do get volunteer points for helping with one race, as some of tonight's award winners did, so maybe you're injured and have to miss a race. If you'd like to help out feel free to contact any of the race directors or committee members.

Finally i'd like to thank a few of our sponsors. Tonight's event is supported by First Bank Richmond and West End Bank. Reid Hospital provided financial support for the timing team and equipment for the 2017 season as well as hosting tonight's dinner. And once again Whitewater Valley Rehabilitation will be our Premier Series Sponsor. We're incredibly grateful for their support of the WCC and our mission to help people become more active through our events. Please join me in thanking these sponsors who help make the series possible.

Before we get to our overall and age group award winners I want to announce the “Runner’s Choice” award winners as voted upon by all of you.

You may have noticed I skipped over the female 70 and over age group. That's because the winner of this division now has more age group titles than anyone in WCC history, man or woman. This is not only Pat Bowers's tenth age group win, it's her tenth STRAIGHT age group win. Pat began her streak in 2008 and preceded to win the 65-69 division five years in a row. She has now won the 70 and over group five years straight. During this stretch Pat has run 60 races and finished first in her division in 58 of those. The last time Pat was beat by someone in her age group was at the 2012 Frostbite 5K. Congratulations to ten time defending age group champion Pat Bowers.

Let's congratulate all of our age group and overall winners one more time. You may have noticed that many of the winners who were just up here ran all eight races. Almost 75% of the age group and overall champions completed each event this year. The mission of the WCC is in part *to encourage and reward the participation of all types and ages of runners*. In a moment we will give out awards to the 89 individuals who participated in all 8 races, many of whom will be making their second trip to the stage.

But first we do have one more individual award to give out to our most improved runner. This award goes to the individual who shows the highest degree of race improvement over the course of the season. This year's winner improved his time by over 16 minutes throughout the course of the season. He ran all eight races and dropped his time from the season opening Girls Inc. 5K to the Fall Foliage 5K by 16:01. People don't generally run slower at Girls Inc., voted easiest course, and faster at the Fall Foliage, one of the tougher courses. But that's exactly what this year's winner did. Congratulations to the 2017 Wayne County Challenge most improved runner James Browning.

There's no award for this particular honor but we do like to recognize the holder of the longest race streak. For the 12<sup>th</sup> season in a row Judy Pierce ran every race, continuing her streak which began with the 2006 season. This means Judy has completed 96 races straight. Not only is this the longest current race streak, it's now the longest streak ever for the WCC as she passed previous record holder Kevin Shelley, who ran the first 95 races in the series. Congratulations Judy and thank you for your commitment and dedication to the WCC. Please stand to be recognized.

We'll now present certificates and shirts to the runners who completed all 8 races this season. We appreciate the support these 89 have shown to the WCC and the organizations that put on and benefit from each race. Congratulations to each of you. Please come forward when your name is called to receive your awards and please remain on the stage so we can take a group photograph of all of you.

Thank you again for attending tonight's event and your support of the Wayne County Challenge and it's member organizations. We look forward to our 16<sup>th</sup> year and the season opening Girls Inc. 5K, Saturday May 12. Remember online registration for this race and the Carpe Viam program is now open on the WCC website [wcchallenge.org](http://wcchallenge.org)
